PREFACE

This book is designed for students who wish to pursue their career as a well-established physiotherapist. Physiotherapy is a noble profession which deals with not only studying medical terminologies, learning medical disease, their treatments but is also includes practical aspect of the professional curricula. Students taken admission in this course must be aware about the course objectives and the syllabus devised for them which will give them concise and elaborative knowledge of their subjects.

In this book, students will come across various subjects concluded necessary by the national level universities across India, syllabus accredited by the top universities categorized above A grade level by the NAAC, recent syllabus issued by the Atal Bihari Vajpayee University for courses running in medical institutions and by the detailed study of the syllabus of leading universities in India.

This curricular log consists of general information for the students of physiotherapy. Students will learn what to deliver to their institution within the time frame of these 2 semesters. The course work of the profession includes 4 years of curriculum devised as 8 semesters and 6 months compulsory rotatory internship which is necessary for awarding the degree of Bachelors of Physiotherapy. This book contains all the information which a student seeks during the semester regarding his syllabus, subjects, duration of the course, extra-curricular activities and other mandatory activities considered necessary for students enrolled in first and second semester.

Pertaining to the contents of this book, students will be able to excel in curricular as well as extra-curricular by the end of their 2 semesters. At the end of both the semesters the students shall be able to distinguish and witness their overall academic growth and this will prepare them for rest of the semesters and their professional career.
