

Dr. Saimah Khan is an Associate Professor at Integral University with over 15 years of teaching and research experience in environmental chemistry and wastewater treatment. She has an extensive publication record, including 28 research papers, 5 books, and 12 book chapters, and has presented more than 26 research papers at national and international conferences. Her research expertise encompasses constructed wetlands, pharmaceutical wastewater treatment, microplastics, air quality assessment, and sustainable water treatment technologies. She has successfully completed three research projects and is currently serving as Co-Principal Investigator on three ongoing collaborative research projects with King Khalid University, Saudi Arabia.

Dr. Naseem Ahmad is an Associate Professor in the Department of Chemistry at Integral University, Lucknow. He completed his Master's degree in Industrial Chemistry from Integral University, Lucknow, and earned his PhD in Industrial Chemistry in 2014 from the same institution. He has over 16 years of teaching and research experience. His research interests primarily focus on medicinal chemistry and nanosciences. Dr. Ahmad is the author and co-author of more than 40 research articles and several book chapters published in reputed national and international journals.

Dr. Firoj Hassan completed his master's degree in industrial chemistry and secured a gold medal in the year 2010 and was selected for INSPIRE fellowship from DST, New Delhi in the year 2011. He has awarded by Ph.D. Degree in Chemistry on the topic "Synthesis of Carbohydrate derivatives as Potential Therapeutic Agents" in the year 2015. Currently, He is working as Assistant Professor in the Department of Chemistry, Integral University, Lucknow, INDIA last twelve years. He has published more than 35 research articles, two patent, one edited book and ten book chapters in reputed journal. Moreover, he has also one year of Industrial experience in Q.C. Department at TATA motors, Lucknow. His research interests included synthetic and medicinal chemistry for the design and development of biologically active heterocyclic compounds.

Perspectives of Medicinal, Material and Environmental Chemistry

PERSPECTIVES OF MEDICINAL, MATERIAL AND ENVIRONMENTAL CHEMISTRY

Editors:
Dr. Saimah Khan

Title: Perspectives of Medicinal, Material and Environmental Chemistry

Editors: Dr. Saimah Khan, Dr. Naseem Ahmad, Dr. Firoz Hassan

All Rights Reserved

ISBN: 978-93-6884-556-0

MRP: 400 /-INR

(Printed in India)

TABLE OF CONTENTS

Chapters	Title	Page No.
Chapter 1	Computational Studies of (<i>E</i>)-Chalcone and (<i>E</i>)-3-(2-Hydroxyphenyl)-1-Phenylprop-2-En-1-One and Their Metal Complexes <i>Aakash Verma, Mohammad Imran Ahmad, Tahmeena Khan</i>	1-13
Chapter 2	The Study on Extraction Process and Analysis of Components in Black Pepper and White Pepper <i>Saimah Khan, Afifa Baig, Abdul Rahman Khan</i>	14-32
Chapter 3	Green Synthesis of Iron Nanoparticles Supported on Biochar <i>Iqbal Azad, Hammnah Ali, Arshad Iqbal, Nafees Ahmad, Abdul Rahman Khan, Naseem Ahmad</i>	33-61
Chapter 4	Green Nanotechnology for Sustainable Development: Plant-Mediated Nanoparticle Synthesis and Applications <i>Mohd Arsh Khan, Qazi Inamur Rahman, Abdul Rahman Khan</i>	62-81
Chapter 5	Synthesis, Characterization, Pharmacokinetics & Admet Studies of Schiff Bases <i>Ayesha Anwer, Mohammad Amir, Umme Habiba Malik, Malik Nasibullah</i>	82-98
Chapter 6	A Computational Study of Chalcone Derived Cu(II) And Zn(II) Complexes <i>Supreet, Tahmeena Khan, Mohammad Imran Ahmad</i>	99-118

Chapter 7	Development of A Zinc-Based Metal-Organic Framework for Efficient Photocatalytic Degradation of Rhodamine B Dye	119-129
	<i>Naseem Ahmad, Lubna Tarique, Abhi, Neda Afreen, Nafees Ahmad</i>	
Chapter 8	Isatin and Its Analogues as Promising Biological Agents	130-152
	<i>Mohd Arsh Khan, Ziaul Husain, Sabahat Yasmeen Sheikh, Firoj Hassan</i>	
Chapter 9	An Introduction to The Synthesis of Biologically Active Chalcones	153-172
	<i>Mohd Akil, Naseem Ahmad, Kajal Singh, Shruti Srivastava, Abdul Rahman Khan, Iqbal Azad</i>	
Chapter 10	Gc-Ms Profiling and Antioxidant Activity of Musa Paradisiaca L. Peels Fractions	173-188
	<i>Azeem Fatima, Mohd Arsh Khan, Shahzadi Bano, Abdul Rahman Khan, Jamal Akhtar Ansari</i>
