Chapter-6 Findings, Discussion, Conclusion and Suggestions	266
6.1 Findings of the study.....	266
6.1.1 Findings for Demographic Profile of the respondents Demographic Profile of Merchants-	266
Demographic Profile of Consumers-	266
6.1.2 Findings for Objective 1: To identify and analyze the major DPGs in India- 267	
6.1.3 Findings for Objective 2: To examine the various (marketing) strategies adopted by DPGs in India from merchant's perspective.....	269
115. Association between respondents (Consumers) using DPGs most frequently for the variable of Marketing Strategies Level- The analysis of Marketing Strategies Level among Consumers based on their usage of DPGs illustrates consistent.....	274
6.1.4 Findings for Objectives 3: To evaluate the impact of government policies and initiatives on the growth of DPGs in India merchant's perspective.	275
6.1.5 Findings for Objective 4: To investigate the strategies that influence consumer behavior and preferences towards DPGs in India consumers' perspective.	276
146. Association between Consumers' Digital Payment Gateway Usage and Service Delivery Process Strategies Level- Analysis did not find a significant association	281
150. Association between Merchants and Consumers for Offers and Reward Strategies Level- The analysis revealed a significant association between merchants and consumers regarding the Offers and Reward Strategies Level, with a p-value less than 0.05. This indicates a noteworthy correlation between how merchants and consumers perceive and engage with offers and reward strategies.	281
6.1.6 Findings for Hypotheses Testing	283
