Editorial

Integral University is all the year round a happening place, and that imparts a vigorous sense of life to the campus agog with convocation, fiesta, poetic symposium, seminars, FDPs, foreign delegates' visits, high-brow academic conferences, campus visits of world-renowned scholars, cultural events, academic exchanges etc.

Despite all these activities, high-end teaching, training, placement and enhancement do happen in every nook and corner of IU which has received a rocket-shower of praise, appreciation, accolades and awards. But then-and here is the beauty- the crowning glory of all these myriad activities is, as of today, the introduction of Humanities courses, (Graduate and Post Graduate) in the session 2019-2020 which is the brain child of Dr. Syed Nadeem Akhtar, Director, Planning and Research, further nourished and nurtured by the already established Faculty of Humanities and Social Sciences, Prof. S. W. Akhtar, founder's and Chancellor's gift in the creation of the Department of Languages, the Department of Humanities and the Department of Social Sciences.

Sans Humanities universities are, says postmodern thinker, Terry Eagleton, dying a slow death for lack of financial grant but the fact remains that ideas always invariably issue forth from Humanities, and universities in such a situation become some kind of a training and placement agency for engineers and technocrats, managers and market controllers. This much-needed corrective approach has been adopted by IU with a marked focus on Literature and Languages, Sociology and History, Psychology and Economics etc. For everything, credit goes to the coiled power of IU's administrators, professors, researchers, policy-makers and knowledge-seekers. They are the real heroes of our university. Kudos to them all!

Reflections

Dr. H.M. Arif Nadvi
Associate Professor (Jr.) Head,
Department of Languages/English

Knowledge, wisdom and insight are complements to prolific education.T. S.Eliot,the great modern literary critic, conceptualizes the essence of learning:

Where is the wisdom we have lost in knowledge

Where is the knowledge we have lost in information

Ideally, taking things apart, is knowledge, putting things together, is wisdom, packing the information in and drawing the talents out, is education; the deepest knowledge level and meaningful to life, is insight and to achieve clarity of perception and reason, is enlightenment. From a human perspective and capability, wisdom is an essential ability to knowledge in a constructive way. Wisdom is the ability to make the best and proper use of knowledge. It involves wise judgment between right and wrong and good and evil. Without wisdom the levels of knowledge-hierarchy will collapse. Wisdom is the lost property of humanbeings, it is his / her whenever they find it. The rise of mankind to the pinnacle of civilization is based on learning, observation and the use of intellect. Otherwise, human survival itself is threatened. Every individual's prayer should be: "My Lord! Enrich me with knowledge" (Quran). In one of the sayings of the Prophet, it is mentioned, "seek knowledge and wisdom, or whatever the vessel from which it flows, you will never be a loser.". Similarly a Chinese proverb signifies the point in a very comprehensive way: "If you are planning for a year, plant grains. If you are planning for a decade, plant trees. If you are planning for a millennium, plant men."

عناصر اربعہ

جذبہ، جنون، جدوجہد اور جبین نیاز یہ چار ایسے عناصر ہیں جو کسی بھی شخصیت کو غیر معمولی کامیابیوں سے روبرو کراتے ہیں۔ میں نے شخصیتوں کو دیکھا ہے، پڑھا ہے اور تجزیاتی مطالعہ بھی کیا ہے۔ گفتار کے غازی بھی دیکھے اور زیور کردار سے آراستہ مرد مجاہد بھی۔ خود فریفتہ، عصبیت حسب ونسب کے لبادہ میں درس مساوات کی بانگ لگانے والے اور جبہ ودستار سے اپنی شخصیتوں کو سنوار کر استغناء کا سبق پڑھانے والے لوگ بھی مجھے متاثر نہیں کر سکے۔ اہل قلم کی اخلاقی ذمہ داریوں میں سے ایک ذمہ داری یہ بھی ہوتی ہے کی شخصیتوں کے ان پہلوؤں کو اجاگر کیا جائے جو سماج کے لئے آئینہ ہوں۔ یہ چند سطریں اس عظیم شخصیت کو منسوب ہیں جن کی شخصیت سازی میں مذکورہ عناصر اربعہ کا دخل رہا ہے جو عہد ساز بھی ہے اور مردم ساز بھی جنہیں ہم سید وسیم اختر، بانی وچانسلر-انٹیگرل یونیورسٹی کے نام سے جانتے ہیں۔

محترمی کی شان میں تعریفی کلمات محض اس وجہ سے کی وہ ہماری یونیورسٹی کے سب سے بڑے عہدے پر فائز ہیں شاید یہ صحافتی ناانصافی ہے۔ میں ایسے وسیم اختر کا تعارف کرا رہا ہوں جس کو میں نے قریب سے دیکھا ہے جو فولاد کی طرح مضبوط اور بریشم کی طرح نرم ہیں اور جن کے وژن کا ایک سرا عہد اندلس کے زریں باب سے اور دوسرا سرا مابعد جدیدیت (Postmodernism) سے ملتا ہے۔ جس نے گمشدہ میراث علم حکمت کی دریافت میں پیش روی کر کے پوری قوم کو عمومی طور سے اور امت مسلمہ کو خصوصی طور سے قوت اعتماد سے لبریز کر دیا۔ صدی کی مشہور شخصیتوں کے اعتماد اور تائید نے اسے قوت پرواز عطا کی، اس کے سامنے ہمیشہ یہ فلسفہ کارفرما رہا:

بے معجزہ دنیا میں ابھرتی نہیں قومیں جو ضرب کلیمی نہیں رکھتا وہ ہنر کیا

ہم سب دعا گو ہیں کہ عمل پیہم کا دلدادہ، ہزاروں خواب سجائے علم وجستجو کی راہ میں نہ تھکنے والا یہ مسافر ہم سب کی سرپرستی اور رہنمائی کرتا رہے۔ امین۔

World Wildlife Day
Celebrated at Integral University

Department of Environmental Science, Integral University, Lucknow celebrated "World Wildlife Day" on 13th March 2019.

Eminent Wildlife Experts like Dr. Rupak De, IFS, Former Principal Chief Conservator of Forests & Head-Forest Force, Uttar Pradesh was the key speaker along with Prof. Monowar Alam Khalid, Head, Department of Environmental Science, who shared their experiences in Wildlife & Ocean research during the programme.

The Program was honored by the presence of Dr. Syed Nadeem Akhtar, Director Planning and Research, Prof. Syed Aqeel Ahmad, Head Civil Engineering Department & Director, HRDC, Integral University.

The theme given by United Nations for the year 2019 World Wildlife Day was "LIFE BELOW WATER: For People & Planet", which perfectly aligns with goal 14 of UN Sustainable Development Goals with a specific focus on the conservation and sustainable use of marine wildlife. The capacity of life below water to provide these services is severely impacted, as our planet's oceans and the species that live within it are under assault from an onslaught of threats. These threats have a strong impact on the lives and livelihoods of those who depend on marine ecosystem services, particularly women and men in coastal communities. The animals and plants that live in the wild have an intrinsic value and contribute to the ecological, genetic, social, economic, scientific, educational, cultural, recreational and aesthetic aspects of human well-being and sustainable development. World Wildlife Day was celebrated to raise awareness of the multitude of benefits that conservation provides to people. At the same time, the Day reminds us of the urgent need to step up the fight against wildlife crime and human induced reduction of species, which have wide-ranging economic, environmental and social impacts.

The Program started with a speech by Dr. Syed Nadeem Akhtar, who shared his valuable views about the ways human beings are exploiting the rivers and other natural resources, leaving no space for the wild life and thus glooming the future of humanity itself. This further continued with the elicit presentation by Dr. Shailendra Singh, Country Manager, Turtle Survival Alliance, who spoke on the topic "Freshwater Wildlife under Water in the State of Uttar Pradesh" and shared his field experiences. Prof. Monowar Alam Khalid shared his experiences of Marine research and Radio-Collaring of Wild Elephants in West Bengal and his Sea Cruises during marine research in Bay of Bengal and narrated interesting stories related with its life and issues faced by them in the wilderness.

The highlight of the program was a skit presentation on the theme "Human-Wildlife Conflict", by B. Sc (H) 1st year students from Environmental Science Department. In this skit, the students of the department presented the various human threats being faced by the wildlife and its consequences on nature as a whole. They tried to emphasize on the fact that we humans for our selfish needs are exploiting the nature towards irreversible damage. The B. Sc & M. Sc students of Environmental Science Department arranged an exhibition that constituted various Eco-friendly usable items prepared by them using waste material as an effort to generate awareness about the reduce, reuse and recycle concept of waste management. The program was hosted by Dr. Rahila Rahman Khan and completed with the vote of thanks proposed by Dr. Syed Saema from Environmental Science Department.

Awareness Campaign against Single-Use Plastic under Swachhata Hi Sewa 2019 program at Integral University Campus

In compliance of the Directive of Department of Higher Education, Ministry of Human Resource Development, Government of India, the Department of Environmental Science, Integral University, Lucknow conducted an awareness signature campaign and rally against Single Use Plastics under Swachhata Hi Sewa-2019 program on 20th September 2019. This campaign gains much significance as we commemorate 150th birth Anniversary of Mahatma Gandhi, the father of our Nation, whose dream of attaining cleanliness can be achieved through our humble attempts.

The students and faculty of Integral University enthusiastically participated in the signature campaign & rally, which was flagged off by DSW Prof. Monowar Alam Khalid after administering the oath for Swacchata. The campaign was spearheaded by UG & PG Students of Environmental Science, who prepared placards carrying effective slogans like "Plastic me nahi hai koi shaan, mita do uska naamo nishaan", Paryyawaran ko bachana hai, Plastic ko jad se mitana hain" and Bharat ke vikaas se ab naata jodo, Polythene ke Prayog ko ab turant choro" etc.

Single-use plastic pollution is one of the most important environmental problems that we face today. It impacts the environment and our health and wellbeing. We human beings have contributed to this problem - knowingly and unknowingly - and we must work to reduce it and ultimately to end plastic pollution. Extrapolation of plastic waste generation data from 60 major Indian cities showed that around 25,940 tonnes of plastic waste per day is generated in the country. Of this, around 60 per cent gets recycled and the remaining ends up in the seas, oceans or gets piled up on lands devoid of source segregation.

The week-long awareness program culminated on 2nd October 2019 in Oath taking against single use plastic by students of Integral University conducted at Boys and Girls hostel. The program was coordinated by EVS faculty, Dr. Riyazuddeen Khan, Dr. Manaal Zahera, Dr. Mohd. Ashraf and Dr. Syed Saema.
